

Name _____ **Personification**

Personification

Personification is a kind of figurative language that gives human thoughts, actions, characteristics or emotions to something that is not human.

1. Choose one of the following objects.

2. What are four human activities could be applied to the object you chose? Write four verbs on the lines.

3. Write a paragraph that personifies the object you chose. Use the verbs you listed and add other human characteristics if you want.
