

Name _____ **Climax**

Climax

The climax is the most exciting part of a story. It is the point the whole story builds towards: the turning point when the main character's problem is about to be solved. It is the most dramatic confrontation between the protagonist and the antagonist. The climax is a single scene near the end of a story.

DIRECTIONS: Think about a few stories or movies that you have enjoyed. Write down the titles. Then describe what happens at the climax of each story.

1. Title: _____
