

Name _____ **Utopia**

Utopia

TRUE OR FALSE

1. A utopia is a society which functions perfectly and in which everyone is happy.

2. Utopia is the opposite of dystopia.

3. Utopian fiction explores society's problems and points out how easy it would actually be to solve them.

4. An ecological utopia explores moral/ethical issues in general, as well as the moral/ethical aspects of things like politics, religion, science, etc.

5. A moral utopia is based on a specific philosophy. In these utopias, the aim of the writer is to explore what society would be like as a pure expression of their philosophy.

6. In an ecological utopia, human society does no harm to the environment.

7. The aim of a religious utopia is to explore what society would be like as a pure expression of the author's religion.

8. Utopian fiction is never written about technology; that is the territory of science fiction.
