

Name _____

The Enchanted Woods Playground

Short Answer Key

1. The Enchanted Woods Playground influenced the children's relationships with their imaginary friends by allowing them to interact with their imaginary friends in a real-world setting, deepening their bonds and providing opportunities for learning and growth.
2. An example of a lesson one of the children learned from their imaginary friend in the playground could be Ethan learning to face his fears and try new things, like climbing the tallest tree, with the encouragement of Blaze, the dragon.
3. The children and their imaginary friends collaborated to solve a problem by building a human pyramid to reach the ball stuck in the tree. This demonstrated teamwork and problem-solving skills.
4. The Enchanted Woods Playground was special to the children because it provided a magical and unique setting where their imaginary friends could come to life, and they could learn valuable life lessons while having adventures in a beautiful forest environment.
5. As they left the Enchanted Woods Playground at the end of the story, the children likely felt a mix of emotions, including happiness for the wonderful experiences they had and sadness at leaving their magical friends and the enchanted setting.
