

Name \_\_\_\_\_ **Similes**

# Similes

A simile is a kind of figurative language that compares two things which are not normally alike, using the word *like* or *as*. For example:

*My temper is like a pot that's always simmering.*

In this example, "my temper" is being compared to "a pot that's always simmering," meaning, the speaker is always about to lose their temper.

Use each pair of words to create your own simile.

brother, puppy

---

---

school, prison

---

---

bedroom, oasis

---

---

quilt, hug

---

---

yard, postage  
stamp

---

---
