## The Treehouse Treasure Hunt

Maya and her best friend Jake loved spending time in their treehouse. One afternoon, Maya found a dusty old map hidden under a loose floorboard. "It's a treasure map!" she exclaimed. The map showed their backyard with an "X" marked near the big oak tree.

Excited, Maya and Jake grabbed shovels and rushed outside. They dug near the tree and found a rusty metal box. "Open it!" Jake said eagerly. Inside, they discovered shiny marbles, a tiny toy car, and a note that read: "To whoever finds this, enjoy these little treasures!"

"This must have been here for years!" Maya said, smiling. Jake nodded. "Let's add our own treasure for someone to find!" They filled the box with a shiny coin and a friendship bracelet, buried it again, and marked the spot with a special rock.

### Questions

1. What did Maya find in the treehouse?
2. Where was the "X" on the treasure map?
3. What was inside the rusty metal box?
4. What did Maya and Jake do with the box after they found it?
