

Name _____

The Tree's Wings of Dreams

Short Answer Key

1. Professor Whimsy was a quirky inventor who helped Timber build wings. Timber's wings were constructed using feathers, leaves, and vines.
2. Timber's wings were made of leaves and feathers, with tiny propellers to help him glide.
3. After successfully taking flight on Arbor Day, Timber danced in the sky and joined the birds in their joyous Arbor Day dance.
4. Timber learned that dreams could come true with determination and the help of a quirky inventor like Professor Whimsy.
5. The forest animals reacted by watching in amazement and applauding when Timber joined the birds in the sky on Arbor Day.
