## Nature's Beauty

### Short Answer Key

1. She spent time outside exploring, collecting seashells, and admiring flowers.
2. She saw forests being cut down, polluted rivers, and barren fields.
3. People in her town saw her flowers and began planting their own and caring for the land.
4. Flowers bring joy, add color to the land, and help nature grow.
5. People can plant trees, clean up trash, save water, and protect wildlife.
