

Name _____

The Mystery of the Cafeteria Creature

Open-Ended Response Answer Key

1. The rumors and legends about the Cafeteria Creature might have been sparked by students' imaginations, playful storytelling, or misunderstandings about things they saw in the cafeteria.
2. The Cafeteria Creature Investigation Team likely experienced a mix of excitement, curiosity, and anticipation during their investigation. When they discovered the truth, they probably felt relieved and found the situation amusing.
3. Legends and myths can impact a community by creating a sense of intrigue, bringing people together to investigate, or sparking conversations. Even when they turn out to be untrue, they can still leave a lasting impression and bring people closer.
4. If I were part of the Cafeteria Creature Investigation Team and encountered the mysterious creature in the storage closet, I would probably be surprised and startled at first. Once I realized it was a prank, I would likely join my teammates in laughter and share the discovery with the school.
