The Giant Challenge

Open-Ended Response Answer Key

1. If I were one of the kids in the story, I would have felt a mix of amazement and fear when encountering the giants. The giants would have appeared imposing and unfamiliar, which might have generated fear initially. However, their kind-hearted nature and willingness to engage in challenges would eventually lead to amazement and respect.
2. The challenges presented by the giants helped the kids grow and develop as characters by requiring them to use their intelligence, teamwork, and courage to succeed. Each challenge tested their abilities and taught them valuable lessons about problem-solving and perseverance.
3. Yes, the kids' adventure with the giants likely changed their perspective on the world around them. It would have shown them that there are extraordinary and unexpected experiences to be had beyond the ordinary, emphasizing the importance of curiosity, bravery, and open-mindedness. Additionally, the friendship they formed with the giants would likely have left a lasting impact on their view of the world and its inhabitants.
