

Name _____

The Secret Tunnel Bash

Open-Ended Response Answer Key

1. Madame Enigma likely came up with the idea for the secret party as a way to make math more engaging and enjoyable for her students. Her motivation may have been to create a memorable educational experience that would inspire a love for math.
2. Creative and interactive approaches to learning can make subjects like math more enjoyable by making them accessible and relatable. They allow students to see real-world applications and the fun side of learning.
3. Answers will vary, but students may suggest themes like a science adventure, a historical time-travel party, or a nature exploration day, depending on their interests and passions.
4. The surprises and experiences at the party contributed to fostering a positive school community by creating a sense of wonder, unity, and shared excitement among the students. It brought students and teachers together in a fun and educational celebration of the 100th day of school.
