## Burning Bright

### Short Answer Key

1. Victor's excitement about science is like fire—it is powerful but can lead to destruction if not controlled.
2. The creature is amazed by fire's warmth and light, seeing it as something wonderful.
3. He learns that fire, like knowledge, can be helpful but also harmful if not handled carefully.
4. The Arctic is dark and lifeless, showing that Victor has lost his way and that there is no warmth left in his journey.
5. The novel suggests that knowledge can lead to discovery but also regret if used without caution.
