

Name _____

No Room

Short Answer Key

1. The animals all share the mitten, showing that cooperation can help everyone stay warm and safe.
2. The story would lose its humor and surprise ending because the mitten would never stretch or burst open.
3. It might teach that being selfish can lead to missed opportunities, as no one else would have experienced the mitten's warmth.
4. By squeezing into the mitten together, the animals create a warm space that protects them from the freezing weather.
5. Even though the animals are different species, they work together because they have a common goal—staying warm.
