The Busy Bee

Mia was a busy bee who loved to buzz around the garden. Every day, Mia flew from flower to flower, collecting sweet nectar. She worked hard to make honey for her hive.

One sunny day, Mia saw a new flower in the garden. It was big and blue, with soft petals. Mia flew to the blue flower and buzzed happily. The nectar from this flower was very tasty!

As Mia collected nectar, she saw her friend, Lou, the ladybug. "Hello, Mia!" Lou said. "Do you want to play a game?" Mia smiled and said, "Yes, let's play hide and seek!"

Mia and Lou played hide and seek in the garden. Mia hid behind the tall grass, and Lou hid under a leaf. They laughed and had so much fun.

After the game, Mia and Lou felt tired. They sat on a big leaf and talked about their day. Mia felt happy to have a friend like Lou. When it was time to go home, Mia buzzed back to her hive, ready to share her sweet nectar with the other bees.
