## A Trip to the Pond

Jake and Anna went to the pond to see the ducks. The pond was calm, and the sun was bright. They brought a bag of crumbs to feed the ducks.

At the pond, they saw a frog jump into the water. The frog made a big splash! Jake laughed and clapped his hands. Anna spotted a turtle sitting on a rock. The turtle was very still.

Next, they walked around the pond. They found a nest with tiny eggs in it. "Look at the little eggs!" said Anna. Jake was very excited. They were careful not to touch the nest.

Suddenly, they heard a rustling sound. A squirrel ran up a tree with a nut in its mouth. The squirrel was very quick. Jake and Anna watched it climb higher and higher.

After a while, they sat on a bench to rest. They shared a snack and talked about all the things they saw at the pond. It was a fun day for Jake and Anna.
