## A Day at the Zoo

Today, we're going on a fun adventure to the zoo! As we walk through the gate, we see a group of funny-looking birds called Flamingos. They have long necks and pink feathers. "Flamingo" has the long u sound in it.

Can you say "flamingo"? Great job! Next, we pass by a big pond where the ducks are swimming. Do you know what sound ducks make? Quack, quack! "Duck" also has the long u sound. Can you say "duck"? Well done!

Now, let's visit the zoo's newest resident, the Kangaroo! The Kangaroo is a hopping marsupial from Australia. "Kangaroo" has the long u sound in it too. Can you say "kangaroo"? Awesome!

As we continue our adventure, we come across a group of playful monkeys swinging from tree to tree. "Monkey" has the long u sound. Can you say "monkey"? Fantastic! Today at the zoo, we've learned about animals with the long u sound like flamingo, duck, kangaroo, and monkey.
