The Fantastic Fast Train

In the colorful land of Toy Town, there was a fantastic train called Zack. Zack was a shiny red train with a big smile painted on his front. Every day, Zack would chug-chug around Toy Town, picking up passengers and delivering toys to all the children. He loved the sound of his whistle as he zoomed down the tracks. Zack's favorite part of the day was when he got to cross the sparkling river on the rainbow bridge. As he crossed, he would shout "Choo-choo!" and wave to the ducks paddling below. Zack was the fastest train in all of Toy Town, and he was always ready for his next adventure.
