## Whale's Secret Cave

In a deep blue ocean, a whale named Blaze discovered a secret cave.

He swam through the wide entrance with excitement.

Inside, the cave was dark and filled with strange echoes. Blaze noticed a rope hanging from the ceiling. Curious, he gave it a gentle tug, and a hidden door opened. Behind the door, he found a large treasure chest.

Blaze used his nose to nudge the chest open and found sparkling gems inside. Happy with his find, Blaze left the cave to share his adventure with his ocean friends.
