## Captain Wright

Last night, Captain Wright announced a secret treasure hunt. The treasure is hidden on the island, beneath a tall tree.

Everyone must write their name on a list to join. The silent forest is full of mystery, with paths that twist and turn. One clue is a bright light near the waterfall. A chestnut tree marks the next spot. The map shows a path straight to the treasure.

Be careful of the thorny bushes and the rustling leaves. Remember to listen for the faint sound of water. The first one to find the treasure wins a grand prize. Good luck!
