

Name _____

The Magic of Wishes

Luna the fairy flies through the forest, granting wishes. She dances in the air, leaving sparkles behind.

Each day, she helps animals and plants in different ways. Luna always watches over her friends. One morning, she hears voices calling her name. Luna rushes to find the source of the voices.

A group of squirrels needs her help. One of them loses his acorn and searches everywhere. Luna waves her wand, and the acorn reappears. The squirrels clap their tiny paws in happiness.

Luna smiles and continues her journey. She notices the flowers and their beautiful hues. Luna knows her magic makes the forest special. She spreads kindness wherever she goes. The forest thrives because of Luna's magical touches.
