

Name _____

Working Together

Open-Ended Response Answer Key

(Answers may vary; examples provided.)

1. Students might suggest they would curl up tightly, sit in a certain order, or take turns to make space.
2. Many students will have personal experiences where teamwork helped, such as in group projects or sports.
3. The animals could have huddled together in a cave, under a tree, or in a pile of leaves instead of squeezing into the mitten.
4. Teamwork and community help people accomplish things they couldn't do alone, such as solving problems, learning, or supporting one another.
