

Name _____

Fate's Power

Open-Ended Response Answer Key

1. Some may argue they should have listened to avoid tragedy, while others may believe that curiosity made them take the risk.
2. The story shows that trying to control fate often leads to unexpected and terrible consequences.
3. She may have felt sadness, disappointment, or relief, realizing that her son was truly gone.
4. Answers will vary, but students should explain whether they would take the risk and what consequences they might fear.
