Story Event Horizon

Story: _____

Every story is an adventure, and it kicks off with the **exposition**, where we meet the heroes, villains, and the world they live in-like opening the curtain on a stage. Then comes the **rising action**, where things heat up as the characters' face twists, turns, and all sorts of juicy drama. This builds to the **climax**, the big "Oh no!" or "Aha!" moment where everything hangs in the balance. From there, the **falling action** swoops in, calming the chaos and showing the aftermath of all that excitement. Finally, the **conclusion** wraps things up with a neat little bow (or maybe a few loose threads for a sequel), leaving us satisfied-or ready for more!
