A small animal important to the yearly event, known for predicting warmer or colder times.

The dark shape made by the animal in light, used to decide how much longer winter will last.

A fancy hat worn by the main person, adding a traditional and unique look to the ceremony.

The expected atmospheric conditions based on the event's result.

Natural light that is key in understanding the animal's behavior during the event.

The season that might start sooner or last longer based on the day's prediction.

The coldest season that might continue or end depending on the event's outcome.

Long-standing customs done every year for many generations.

A prediction of future weather based on the animal's actions during the event.

The month when the event happens, marking the middle of the cold season.
