Groundhog - A small animal important to the yearly event, known for predicting warmer or colder times.

Shadow - The dark shape made by the animal in light, used to decide how much longer winter will last.

Top-hat - A fancy hat worn by the main person, adding a traditional and unique look to the ceremony.

Weather - The expected atmospheric conditions based on the event's result.

Sunlight - Natural light that is key in understanding the animal's behavior during the event.

Spring - The season that might start sooner or last longer based on the day's prediction.

Winter - The coldest season that might continue or end depending on the event's outcome.

Tradition - Long-standing customs done every year for many generations.

Forecast - A prediction of future weather based on the animal's actions during the event.

February - The month when the event happens, marking the middle of the cold season.
