

Name _____

Timeless Tale

Short Answer Key

1. Cloning, artificial intelligence, and genetic engineering are similar to Victor's experiment.
2. The creature wants people to accept him because he feels lonely and wants to belong.
3. Victor runs away instead of teaching and caring for his creation.
4. The novel shows that when people create something, they must take responsibility for it.
5. People still read Frankenstein because it explores important themes about science and human nature.
