## The Library of Vanishing Stories

### Open-Ended Response Answer Key

1. The library became less enjoyable and magical as the stories disappeared. The top floor stories were disappearing because Silas, the story thief, wanted to create chaos and excitement by stealing them.
2. The kids used their creativity and imagination to write a captivating story that would lure Silas out of hiding. They also used their knowledge of storytelling to create a magical trap.
3. The story teaches us the importance of imagination, teamwork, and the power of storytelling. It also shows how creativity can be used to solve problems and bring about positive change.
