## Time Travel Troubles: Bastille Day Paradox

### Open-Ended Response Answer Key

1. Timmy caused a malfunction in the time machine's control panel, projecting a holographic pizza image that became a symbol of the revolution. Penelope introduced the Macarena dance, creating a quirky revolution. George the parrot convinced the revolutionaries of his divine messenger status and promoted peace. Timmy accidentally introduced democracy, leading to the first-ever election, won by Gaston the snail.
2. The time travelers' actions, including the pizza image, Macarena dance, parrot wisdom, and accidental introduction of democracy, led to a series of comical and unexpected events in the Bastille's history. These humorous interventions created a lighthearted and quirky twist to the revolution, resulting in laughter and amusement.
3. The story highlights how even well-intentioned actions can have unpredictable and unintended consequences in history. It underscores the idea that history is shaped by a combination of deliberate choices and unexpected factors, often resulting in unique and humorous outcomes.
4. The time travelers' actions introduced elements such as pizza symbolism, Macarena dancing, parrot-inspired wisdom, and democracy to the Bastille's history. These changes led to a future in which the Bastille had a quirky and unconventional legacy, with a focus on humor, unity, and peaceful governance.
