

Name _____

The Amazing Aardvark

Open-Ended Response Answer Key

1. Ideal responses should mention challenges like finding food, avoiding predators, or dealing with habitat loss.
2. Students might note that aardvarks are less famous because they are nocturnal or not as visually striking as other animals.
3. Responses should discuss how losing aardvarks might lead to uncontrolled termite populations, which could harm trees and plants.
4. Examples might include protecting habitats, creating laws against hunting, or raising awareness about aardvarks.
