Acing the Influence: How Peers Impact Your Academic Journey

Open-Ended Response Questions

1. Share a personal experience or hypothetical scenario where positive peer influence motivated you to excel academically. Describe the situation, your friends' role, and the outcome.
2. Reflect on the potential long-term impact of peer influence on academic choices and future prospects. How can making positive academic choices now benefit your future?
3. Discuss the role of communication in navigating peer influence in academics. How can open communication with friends help you achieve your academic goals?
4. Imagine a scenario where a friend is struggling with negative peer influence and is unsure how to resist distractions. Offer advice on how you would help them stay focused on their studies.
