

Name \_\_\_\_\_

## The Accidental Hero

### Short Answer Key

1. Oliver was accused of causing the explosion in his lab, and the townsfolk believed he was guilty because of his reputation as a troublemaker.
2. The townspeople were quick to believe that Oliver had malicious intentions because of his misunderstood outsider status and the explosion in his lab.
3. Lucy was a crucial witness because she provided a heartfelt testimony that revealed Oliver's kind nature and innocence.
4. The actual cause of the explosion in Oliver's lab was a faulty component in one of his inventions.
5. After the trial, the townsfolk's perception of Oliver shifted from seeing him as a troublemaker to recognizing his unique talents and kind heart.
