

Name _____

The Time-Traveling Detective: Solving Mysteries Across the Ages

Open-Ended Response Answer Key

1. Students can discuss the motivation behind Alex's decision to explore the attic and how their curiosity and love for solving mysteries played a role in their discovery of the magnifying glass.
2. Students can reflect on how solving mysteries across time may have given Alex a deeper appreciation for history and the importance of critical thinking and deduction in solving complex problems.
3. Students can choose a time period and mystery they find intriguing and provide reasons for their choice based on personal interest or curiosity about a specific historical event or era.
