1. I would choose Spinner because I love going fast, and I would want to go to a magical forest full of talking animals because I love animals.
2. I think it would feel like flying and be really exciting. The clouds might feel soft and fluffy.
3. I would want it to take me to a hidden treasure island where I could search for buried treasure with pirates.
4. Maybe the equipment comes to life because it wants to make the playground more fun for the kids, or maybe there's some magic in the playground that brings them to life.
