

Name _____

The Inventor's Aerial Adventure

Open-Ended Response Questions

1. Discuss the theme of friendship and adventure in the story. How did Oliver's invention strengthen their friendship, and what did the aerial adventure represent to them?
2. Put yourself in Oliver's shoes. How did he feel when he successfully built the flying machine and shared his dream with his friends? How did their enthusiastic response make him feel?
3. Reflect on the idea of pursuing one's dreams and pushing the boundaries of what is possible. How did Oliver's determination to build a flying machine reflect this theme, and what lessons can be learned from his story?
4. If you were one of the friends who went on the aerial adventure, describe the moment that stood out the most to you and why it was memorable.
