## Exploring the Wonders of Africa

### Open-Ended Response Questions

1. Africa is often described as a continent of contrasts. Discuss some of these contrasts, such as geographical features, cultures, and economic disparities, and explain how they contribute to the continent's uniqueness.
2. Research and identify a contemporary African leader or figure who has made significant contributions to their country or the continent as a whole. Describe their accomplishments and their impact on Africa's development.
3. Discuss the importance of wildlife conservation in Africa and its role in preserving biodiversity. Provide examples of conservation efforts and their impact on endangered species.
4. Imagine you are planning a trip to Africa. Choose one country you would like to visit and explain your reasons for selecting that destination. Include details about the country's geography, culture, and attractions.
