

Name _____

Alien Invasion at the School Science Fair!

Short Answer Key

1. The UFO was described as a shiny, silver disc with blinking lights.
2. The people at the Science Fair communicated with the aliens through a language no one had ever heard before, but somehow, everyone understood them.
3. The aliens brought a levitating hoverboard to the Science Fair, and it was special because it could defy gravity.
4. Scientists and government officials became interested in the alien visit because they wanted to learn more about Earth's science and technology from the aliens.
5. The aliens' plan is to stay on Earth, learn more about our planet, and continue exchanging knowledge with our students.
