

Name _____

All About Pandas

Open-Ended Response Answer Key

1. Pandas are a symbol of peace and friendship because people around the world work together to protect them.
2. Protecting pandas helps the environment by saving forests, which provide homes for many animals.
3. As a scientist, I would study pandas to learn more about them and create safe places for them to live.
4. Saving endangered animals is important because it keeps our planet healthy and balanced for all living things.
