## Crusaders and Byzantium: A Complex Relationship of Allies and Adversaries

### Open-Ended Response Answer Key

1. Answer will vary but should include discussion of the common goal of retaking Jerusalem, the challenges faced due to cultural differences, and conflicts that arose over territorial ambitions.
2. Answer will vary but should include discussion of the diversion of the Fourth Crusade, the motivations of the Crusaders, and the consequences of the capture of Constantinople, such as the establishment of the Latin Empire.
3. Answer will vary but should include examples of how artistic, architectural, and intellectual exchanges occurred between the two cultures, leading to the enrichment of both.
4. Answer will vary based on personal interpretation, but responses should provide examples of both cooperation and conflict in the relationship between the two parties.
