

Name _____

Alone in the Night

Short Answer Key

1. The atmosphere is quiet and the mood is one of isolation and alienation, with figures lost in their own thoughts.
2. The neon light creates a sense of artificiality and isolation, casting a cold and eerie glow on the scene.
3. The shadows suggest that the figures are disconnected from one another and adds to the feeling of isolation and anonymity.
4. The term "Nighthawks" suggests that these figures are night owls, staying up late into the night, and it adds to the feeling of solitude and isolation in the city.
