## Alphabet Emotions

### Short Answer Key

1. The letters feel excited and eager to climb the tree.
2. The letters think climbing is fun at first, but when the tree shakes, they become scared because they didn't expect to fall.
3. The uppercase letters check on the lowercase letters because they care about them, like parents or teachers helping children.
4. The lowercase letters don't stay sad after falling; instead, they get back up, ready to try again.
5. The story teaches that it's normal to feel emotions like excitement, fear, and embarrassment, but learning to keep trying is important.
