

Name _____

Ant Power

Short Answer Key

1. The song shows teamwork by having ants march together in a group, just like real ants work as a team in their colonies.
2. Some ants collect food, some defend the nest, and others take care of baby ants.
3. Ants use scent trails called pheromones to communicate, which helps them find food and stay connected.
4. The passage explains that ants do not stop when they face obstacles. Instead, they work together to find a way around or over them.
5. The song is a good way to teach about real ants because it shows their teamwork, discipline, and persistence in a fun and musical way.
