

Name _____

What Does an Ant Look Like?

Short Answer Key

1. An ant's small size helps it move quickly and fit into tight spaces, like tunnels or cracks.
2. Red and green (other correct answers: yellow, black, or brown).
3. The head, thorax, and abdomen.
4. Army ants use their sharp mandibles to hunt and catch prey.
5. An ant's legs are important because they help it climb, walk, and carry objects.
