## Architects Who Shaped the World

### Open-Ended Response Answer Key

1. Answer: (This is an open-ended question, and the answer will vary depending on the student's preference. They should provide a reason for their choice, such as the architectural style, historical significance, or personal interest.)
2. Answer: (This question requires a discussion of the influence of the mentioned architects on modern architecture. Answers may include examples of how their design principles, materials, or philosophies have been adopted or adapted in contemporary architectural practices.)
3. Answer: (Students should provide information about the significance of the Louvre Pyramid, its impact on the Louvre Museum's accessibility and aesthetics, and its role in blending modern architecture with the historical setting of Paris.)
4. Answer: (This question is subjective and allows students to express their personal opinions. They should choose a style or approach, explain why they find it innovative, and provide examples or reasons to support their choice.)
