Name _____

Aristotle's Odyssey: Philosopher's Journey

Short Answer

1. How did Aristotle's philosophy differ from that of his mentor, Plato?

2. What role did Aristotle play in the education of Alexander the Great, and how did their time together influence Alexander?

3. What were some of the areas of philosophy and science that Aristotle explored and wrote about during his time at the Lyceum?

4. Why did Aristotle choose to go into exile later in his life, and what did he do during that period?
