

Name _____

Armin van Buuren: The Trance Music Maestro

Short Answer Key

1. Armin van Buuren showed a deep passion for music from a young age, experimenting with music production on his computer. This early passion influenced his career as he later became a renowned DJ and producer in the EDM scene.
2. "A State of Trance" (ASOT) is a globally popular radio show hosted by Armin van Buuren. It has connected EDM enthusiasts worldwide and introduced them to the latest trance music releases. ASOT has become one of the longest-running and most popular radio shows in the world.
3. "76" is one of Armin van Buuren's albums that marked a turning point in his career. It includes tracks like "Yet Another Day" and "Burned with Desire," which became trance classics and contributed to his status as a trance music icon.
4. Armin has pushed the boundaries of trance music by experimenting with sub-genres like progressive trance, uplifting trance, and vocal trance. For example, tracks like "This Is What It Feels Like" incorporate vocal elements, while others like "Ping Pong" have a more progressive and energetic vibe.
5. Armin van Buuren has been involved in supporting children affected by conflict through his support of the War Child Foundation. This initiative is important because it helps provide assistance and opportunities to children who have experienced the devastating impact of conflict.
