

Name _____

Pablo Picasso: A Master of Creativity

Open-Ended Response Answer Key

1. He wanted to challenge traditional ideas and create something new and exciting.
2. I would ask him what his favorite artwork was and why, to understand his thoughts on his own work.
3. His unique style helped people see that art doesn't have to be realistic—it can be creative and expressive.
4. It means that children naturally love to create, but as they grow up, they often stop making art because they think they aren't good enough.
