

Name _____

Claude Monet: The Painter of Light and Color

Open-Ended Response Answer Key

1. People started to understand and appreciate how Impressionism captured movement, light, and color in a unique way.
2. I would ask him what his favorite place to paint was and why, to learn more about his inspiration.
3. His love for nature made him focus on landscapes, flowers, and water, using colors that made them look alive.
4. We can learn that following your passion is important, even if others do not agree with you at first.
