

Name _____

How Do Barracudas Reproduce?

Open-Ended Response Questions

1. Why do you think barracudas release their eggs and sperm into the open ocean instead of near coral reefs?
2. How do you think barracuda reproduction affects the ocean ecosystem?
3. What challenges do you think young barracudas face as they grow?
4. If you could observe a barracuda's reproductive habits, what would you want to learn and why?
