

Name _____

The Swift and Sleek Barracuda

Short Answer Key

1. Barracudas are long, sleek fish with sharp teeth and shiny, silver bodies.
2. They live near coral reefs because it provides a good hiding place to wait for prey.
3. Barracudas use their sharp teeth to catch and cut up fish.
4. Barracudas are not dangerous to humans unless they feel threatened.
5. They use their speed to surprise their prey and strike quickly.
