## Battleship: A Strategic Naval Battle at Sea

### Open-Ended Response Questions

1. Discuss the role of strategy and deduction in Battleship gameplay, including how players use their opponents' hits and misses to narrow down ship locations and make informed shots.
2. Explain why Battleship has remained a popular board game for decades, highlighting its appeal to players of various ages and its ability to create suspenseful and competitive moments.
3. Share your personal experiences playing Battleship and describe a memorable match, including the strategies you used and the satisfaction of sinking an opponent's ship.
4. Imagine you are a Battleship player. Describe your approach to ship placement at the beginning of the game and how you adapt your strategy based on your opponent's moves and the information you gather during the game.
